- 1. How many little fingers are there?**
- 2. How many little toes are there?**
- 3. How many little ears are there?**
- 4. How many little eyes are there?**
- 5. Who wrote the rhyme?**

Activity 8

Read the passage below carefully and answer the questions that follow in full sentences

PARTS OF THE BODY

My body has many different parts, namely; ears, eyes, nose, legs, toes, head, tongue, hands and many others. These body parts have various functions ,for example, the tongue is used for tasting, the eyes are for seeing, the nose is for smelling, the ears are for hearing, the legs are for walking, the hands for writing and holding. The knees are used for kneeling.

We care for these body parts through different ways like, brushing the teeth , bathing, cutting finger nails short, combing the hair, cleaning the ears and the nose and scrubbing the feet. It is important to keep our bodies clean.

Questions

1. Write the title of the passage.
2. What is the passage about?
3. Give any four body parts mentioned in the passage.
4. Which body part is used for kneeling down?
5. How can you keep your hair clean?
6. Draw and name these parts of the body. (head, shoulder, chest, eye)

Activity

Read and act with a brother, sister or friend

Kabiini Meets a Giant

Little Kabiini went to a thick forest

She was alone

She met a huge fierce giant

The giant said to her angrily:

Give me your tongue

Give me your chin

Give me your toe nail

Give me your arm

I am hungry

Kabiini fearfully ran home

Her hand were sweating

And her feet were shaking

At home she said:

My heels

My toes

My ankle

And my knees

Are painful

I met a giant in the forest.
