OKELLO'S HOME

My name is Okello. Our home is down the hills in Kiira Village. We have a garden down the valley. We planted yams and rice in them. My parents planted trees up the hills. These trees protect our house from strong wind.

We also rear fish in two big ponds. My sister, Azoya helps our parents to feed the fish. Sometimes we cross the road to fetch water from the well.

Our friend, Nyiro who lives up the mountain brings us sweet mangoes.
