**PRIMARY SEVEN HOLIDAY WORK FOR TERM 1 2020 - WEEK 8 DAY 3**

51. **Read the poem below carefully and then answer, in full sentences, the questions that follow.**

Ignored the school gate and crossed the fence.  
When you were asked to explain,  
You said that teachers also did it,  
You were beaten and called names,  
Why did you tell them what they knew?

You were caught making noise in class,  
But you were quick to say,  
You could not do it if teachers obeyed the time-table.  
They made you dig for several hours,  
Why did you tell them what they knew?

Your teachers made a simple mistake,  
You magnified it, ridiculed your guides,  
They started at you but remained silent,  
From that time they denied you extra service,  
Your performance dropped below average,  
Why did you tell them what they knew?

Your friend reported your smoking habit,  
You were called and warned  
That it was bad and a health hazard,  
You then questioned why teachers smoke?  
That triggered your suspension for weeks,  
Why did you tell them what they knew?

***(Rickky Pickety)***

## **PRIMARY SEVEN HOLIDAY WORK FOR TERM 1 2020 - WEEK 8 DAY 4**

54. **Read the passage below and then answer, in full sentences, the questions that follow.**

Chinuwa lives in Kibwa village, Kenekene Sub-county. He is an old man in his early seventies. He studied up to the level of senior four and later joined the forces. He served in the Police forces for a period of 36 years. He retired in 2005 when he was sixty two years old. He now runs a small business at his home town called Kobe Trading centre.

Last July, Chinuwa travelled to Kampala so as to buy some goods for his shop. He left Kobe Town around nine o'clock. The journey to Kampala took seven and a half hours. Chinuwa got tired as a result of the long journey. He slept during the long course of the journey. He did not ease himself as they travelled. When he got out of the bus, he left as if his bladder was bursting with urine. He could not make it to the public toilets, so he eased himself on one of the bus tyres.

No sooner did Chinuwa finish to urinate than the law-enforcement officers at the Qualicel Bus Terminal caught him. They threatened to take him to the Bus Terminal Police Post. One of them said, "You will be charged with littering the park with urine. You will be fined two hundred thousand shillings."

Chinuwa pleaded with the Officers but they could not listen. He told them that due to his body complications he could not have got to the public toilets easily. He begged that they pardon him and promised never to do it again. One of the men tried to grab his identity so that they may finally arrest him. Chinuwa knelt down, begged for mercy and gave the men the only twenty thousand shillings in his pocket. The men left him and warned him never to do it again.
